

FAMILIES
FOREVER

AMI & TONY

Hello! We are honored that you are considering us as adoptive parents for your child. The difficult decision you are making is unimaginable to us. We truly appreciate, admire, and respect you. Your courage in considering adoption shows how much you love your child. We hope that getting to know us will comfort you as you prepare an adoption plan for your son or daughter's future.

We met several years ago and dated for five years before getting married in 2002. Tony has two children from a previous marriage, but we have always dreamed of having a child together. His children spent a lot of time with us over the years, but now they are grown and living on their own. We still long for a child that we can raise together. We've experienced infertility and upon seeking medical attention, our doctor asked us if we had ever considered adoption. It seemed like an obvious next step for us. We were both raised in loving families with supportive parents, and we both would like to share that same kind of love and support in our desire for a child.

OUR FAMILY

We both feel that there is nothing more important in life than family. Families are built out of love and our family members have so much love to give. All of our family members live within a few minutes of our home. This is a true blessing as it allows us to spend a lot of time together. Our parents are eagerly awaiting another grandchild. Our siblings are excited for a new niece or nephew and their children can't wait to have a new cousin. Tony's children are looking forward to a new brother or sister. Everyone is very supportive of our decision to adopt and anxiously awaits a new member of the family.

HOLIDAYS

Holidays are very special times for our family. Ami loves to decorate our home for every holiday and make special treats to share. Thankfully all of our family lives close by so we are able to spend holidays together. We look forward to trips to the pumpkin patch, Easter egg hunts and trick-or-treating. There are a lot of wonderful family traditions that we celebrate and we dream of sharing those and making many new ones.

OUR HOME AND COMMUNITY

Our home is in a nice neighborhood with many families and children. We have a three bedroom home with lots of room for family gatherings and plenty of room for playing, learning and growing. The backyard is a great place for a sandbox and a swing set.

Everything in our community is very close to us. Our church, great schools, many parks, and a wonderful library are all within a mile or two of our home. We are very thankful to have things so accessible

OUR HOBBIES AND INTERESTS

Tony loves watching sports. Often times he can be found on the sofa watching his favorite teams. He also enjoys gaming on his computer. When the weather is nice, he likes grilling wonderful meals.

Ami loves spending time at home cooking, baking, decorating, and scrapbooking. When she isn't at home, she can be found shopping. That is what she really enjoys.

Our family members also share a lot of the same interests that we have. Many times we enjoy good food and great company while watching sporting events together in our home. Being together is what we really value.

Thank you for taking the time to learn about us and for allowing us to open our hearts to you. Words cannot express the gratitude and respect we have for you as you make this difficult decision. We know that adoption is a lifelong journey and commitment for all of us and we can't wait to welcome a child into our lives and family.
