

Our Family ~ Our Story

Thank you for reading our story!

This is what our friends & loved ones feel about our family!

“I have known Jason & Terra for several years and am excited to see them on this journey. To come through the heartache of not being able to have a child of their own and choose to love a child brought to this earth by someone else isn't something everyone could do, but they undoubtedly can. This is evident in the amazing blended family they have, not just through blood, but also through love. The relationships & mutual love & respect they have with Izzy's mom and her family isn't something you see often and an inspiration to so many. Your child would be so blessed to be a part of this amazing, loving family.”

Jason, Terra & Isabel Plaisance

Dear Birth Parent,

Hello, we are so very excited you have chosen to read about our story and our family and hope to meet you very soon.

Adoption wasn't an option for us six years ago, but two years ago we found out we couldn't have children of our own. Adoption is now a very practical decision and we are very intrigued by the process and outcome. We believe we would be a fantastic family to adopt your little one for many reasons, as you will read about below. We are a very open and caring family and can't wait to add a little one to our wonderful world.

We have extensive experience in an open family style, as Isabel is Terra's step-daughter and we have a wonderful relationship with her mother. We feel this is the biggest reason you should meet us. We have been through all of the ups and downs of this situation.

Our Family Moto...

Live ~ Laugh ~ Love

About Us & Our Families

We have been married for 6 ½ years and this adoption process has not only brought us closer, but has shown us how open and trusting we can and will be. Isabel Grace is 8 ½ years old (she's Jason's little Halloween baby.) Terra is step-mom (aka. Ma) and has been in the picture since Isabel was born. Isabel's mother and her family are considered family to us and we are very close and love this little girl to pieces. This is a quote from our Isabel. "The best part of me is my heart! I am a friend and feel strongly about my family. I chose my heart because it keeps my feelings alive." Isabel is a sensitive, confident, fun-loving little girl and is growing up very fast (too fast for us). She is extremely excited about the possibility of a new sibling coming into this family and she can't wait to teach them all about us! We have many great attributes as parents, including sensitivity, realism, hard-working and respect.

We both grew up in different ways but have become one family and LOVE the way we teach and continue to learn. Our extended families are the best. Jason's parents live near us and are willing to help whenever we need them. They are constantly spoiling Isabel and are greatly involved in her and Jason's love of hockey! Jason's older brother Josh, a pastor in Ohio and his family are very excited for our decision on choosing adoption. We try to get together a couple of times a year and all the kids get very excited for these times. Terra's parents live in Tomahawk (only about an hour from our home) and are also willing to help whenever they can. We travel up to their place as much as we can, especially in the summer, to spend our weekends on the lake. Krista, Terra's only sibling, lives just outside of Eau Claire (about two hours away) and we try to spend many weekends with them as well. They have two young girls and they sure love their Uncle Jason, Auntie Terra and Cousin Izzy!

We have many friends we get together with and love spending time in the pool and the park on the back side of our home and throughout the hockey season traveling. We moved into our new house in Mosinee in June of 2016 and can't wait to use all of the amenities this year.

Our Lives & Interests

As a family, we enjoy many things and try to give Isabel as many experiences as we can. Her teachers have even commented that she is a "very experienced" young lady!

In the winter months Isabel and Jason both play hockey. We love sledding and skating as a family also. During the summer months we enjoy boating, swimming, fishing, playing tennis, golfing, volleyball and using our new pool. We are a busy family, but enjoy that. Terra is a very organized person and has most of our year all planned out for us.

A typical day in our household consists of school and work (Jason's career is a salesman and Terra's is working with a city municipality, as a Community Development Specialist). In the evening we enjoy family dinners, reading and play time before bed.

We do have some family traditions, such as; Christmas Eve at our house with Jason's large family, 4th of July and Labor Day festivities in Tomahawk on the lake and a special holiday for our family is Isabel's birthday (Halloween). We normally have a birthday party for her on a close weekend; then do some extensive trick-or-treating. She loves it because it's like having two parties! In closing we hope this gives you a glimpse into our families life and interests and look forward very much to meeting you!
