Hello,

We would like to begin by expressing our admiration for the strength it takes to consider adoption for your baby. It is a very selfless and courageous decision. We would be honored to be considered as the loving parents for your precious child, as that would be fulfilling a lifelong dream of ours to have a family.

We will give him/her the love and respect that we are sure you desire your child to grow up with. We will raise him/her to be understanding, loving, caring, compassionate, smart and honest. Our life is filled with fun, outdoor adventures from hunting, fishing, camping, hiking, running and walking. We also have a passion for sports and living a healthy lifestyle. We want our child to experience all this amazing world has to offer. Whether our child is passionate about sports, outdoors, travel or academics; we will be there to support him/her every step of the way.

We know you have a lot of decisions and this will probably be one of the hardest decision you have to make, but we are grateful you took the time to consider us to be the adoptive parents to your child. We hope that through this journey you find peace and comfort.

With Love,

Jonathan and Emily

Jonathan by Emily:
When I met Jonathan, I instantly knew he was going to be my husband. We have been together for four years, three years of marriage. Jonathan is a wonderful husband and will make an amazing father. He is a strong, confident person who puts his all into everything he does. You can always count on him. My husband loves his family and friends and will always lend a helping hand. He is excited to be a father and can't wait to teach our child how to cast a fishing pole, hunt, drive a tractor/boat/ATV as he learned how to do all of that from his dad as a child. As a parent, our child will be the center of his world. Our child will always know how much they are loved, as Jonathan is amazing at expressing his feelings. My husband is a wonderful person and I know he is going to make an incredible father.

Some of Jonathan's favorite things include: hunting, fishing, his boat and his buddy boy, Drake, our seven year old chocolate lab puppy dog.

We love Star Lake – Nice Musky Jonathan caught!
Fall is filled with hunting – ducks, geese and deer!

Emily by Jonathan:

I knew Emily was the one as soon as I convinced her to go on a date with me. She's very passionate in everything she does from crafting, cooking/baking, playing sports (big sports start in high school) and outdoor activities. Emily and I get along very well because of the similar love and drive we have. To Emily, family always comes first and she makes helping others a priority. Emily is a very loving and caring person that puts her heart into everything she does. She will make a great mother because she makes a great wife.

What a beautiful day to be out on our pond catching fish and taking in this beautiful sight. The nieces and a bunch of our friends bring their kids over to come fishing in the pond, it is so much fun!

Family and Friends

We are blessed with wonderful family and friends. Both of our immediate families live within 10 miles of our home, as we live in the area where we both grew up. Together we have many interests with both of us enjoying hunting, fishing, camping, hiking, running and anything outdoors. We do a few 5k runs each year, play sand volleyball and attend 3D bow shoots. Emily additionally loves to cook/bake, workout and enjoys crafting. We are also both huge Packer and Badger fans.

Emily loves to decorate, this is our home decorated for Fall! She always helped her mom decorate/plant flowers at their home growing up for the different seasons and holidays

Our cats love to snuggle, especially each other and Drake in his favorite place, Star Lake!

Our Home

Montello is a small town of about 1400 people. We live 3 ½ miles out of town on 18 acres of property with lots of room for hunting, fishing in the pond, gardening and running around the backyard and it's actually where Jonathan's mom grew up. We love animals and currently have one dog (Drake) and two cats (Oscar and Otis). Our child will have many opportunities to be involved in, make friends, be around animals and develop a love for the outdoors.
