Cory, Rohini, Amorie and Delaina
Adoption is the Highest Privilege The Gospel Offers.

J.I. Packer
Dear Birth Parent,

Thank you. What else can we say to someone as brave as you. We believe that our family is ready to grow. We are unable to conceive children together and we hope that through adoption we can share our love with another child. Even before we met, we had both independently looked into adoption. We believe that this is truly the right decision for our family. We have been a family since 2015. Rohini met the girls before she met Cory. Amorie and Delaina thought that Cory, a single dad, needed a girlfriend. After spending time with Rohini and asking her many important questions such as: “Could you do our hair?”, they brought her home. The rest, as they say, is history. Our kids are our world! Watching and helping them grow is our greatest privilege. We look forward to going through this journey with you.

Cory and Rohini

About Cory

Cory grew up in the same town we currently call home. When I first met Cory, I thought he was a great father. Since then, I have come to believe he is truly the BEST dad! Cory is a local business owner. After college he moved back to his hometown and took over his family’s service business. He works hard and takes care of us. Cory, a morning person, gets up and makes breakfast EVERY morning! He coaches the girls in their sports. He makes us laugh. In short, Cory puts us first. He teaches our kids kindness through service. He is the first to help, often without asking and never for credit. Cory has the biggest heart of anyone I’ve ever met. He’s the love of my life.

Rohini
About Rohini

Rohini moved to Wisconsin from India when she was 11 years old. She has since traveled all over the world and returned to Wisconsin. She has brought a worldly view to our family! When we first met I was instantly attracted to her stunning beauty. Children gravitate to her and she is always surrounded by nieces, nephews, and our children’s friends. She is the most loving and logical person I know. She values family time above all else, whether that be playing a board game, snuggling during a movie, or helping with homework. She pours her heart into helping others as a nurse manager at our local hospital. I am blessed to have her as my partner in this crazy life!

Cory
ABOUT AMORIE

Amorie is a highly intelligent, beautiful and kind young woman. She is a great role model for younger children and loves to take care of her younger cousins. She loves water sports and swimming, playing basketball, volleyball, and reading. Amorie hopes to be a doctor someday.
About Delaina

Delaina is kind to her core. She is extremely thoughtful, bright and loves to be active. She has great comedic timing and keeps us all laughing! Delaina is a great swimmer. She also enjoys basketball, volleyball, and softball. Delaina loves Family Game Nights. She hopes to take over the family business someday.
Cory, Amorie, and Delaina adopted Buddy from our local humane society in 2010. Quickly after, they realized he was going blind. Buddy has been a great joy for our family and is loved dearly by all of us. He is extremely loyal and protective of Amorie and Delaina. Although totally blind now, he is always excited to take a walk, snuggle on the couch, or beg for leftovers from the dinner table!
We have a huge extended family that we get together with often!

We are lucky enough to have both sets of grandparents in the same town!
Our Wedding

Family Moon
We live in a smaller community in Northern Wisconsin. It definitely has the “where everyone knows your name” feeling! Our community has many parks and outdoor activity opportunities, GREAT SCHOOLS, a wide variety of sports, clubs, arts, and social events. We have a huge support network including our wonderful church family. We both grew up here and after venturing out, jumped at the chance to move back and raise a family in this community!
Our Beliefs

We believe in the power and grace of God and attend the Presbyterian Church every week. Both of us teach Sunday School and Delainena wants to sing in the choir next year! We believe in living a Christian lifestyle and seek to share God’s love with everyone.

We believe a great education is the foundation on which our children will be successful. Our children attend a private school which they will attend until high school. We are very fortunate that both the private school and our public schools offer great educational opportunities for the kids. Our schools offer a plethora of extra curricular options, which we feel are important in teaching children to find balance in their lives.

Family is extremely important to us! We are fortunate to have both sets of grandparents living in our town. We also have many of our extended family close enough that we see them very frequently. Holidays are celebrated with our extended family and become quite large gatherings!

Travel is something we not only enjoy, but feel is very valuable in shaping our children. We want our children to see the world and appreciate and respect cultural differences. We take at least one trip yearly in the U.S. and one trip internationally.
In Closing

Thank you for taking the time to consider our family in this journey. We believe we have been called to adopt to complete our family. We are excited about our adoption journey with you. You are truly a gift from God. Amorie and Delainia are eagerly waiting their opportunity to be the BEST older sisters a sibling could imagine. God bless you and again, THANK YOU!

Cory, Rohini, Amorie and Delainia
