Hello! We are Danny and Jodi. We have been happily married for 10 years. After a long road of infertility, we became parents through the blessing of adoption in 2016. Our three-year-old daughter, Ellie, has brought so much joy to our lives. We would love to give her a sibling more than anything and to complete our family with this adoption. Ellie is our whole world, but we can say without a shadow of a doubt that your child would be our absolute everything too. If you choose to bless us with both the honor and privilege of adopting your child, please know that not a second will go by that your child isn’t loved, cherished, nurtured, adored, supported, and listened to in every possible way. Your decision to make an adoption plan for your child is honorable and shows how much you love and care for your baby. We can’t possibly thank you enough for giving your child the gift of life. Please know, we are here to support you and are very willing to make an Open Adoption Plan that you feel comfortable with. Thank you so much for looking at our portfolio and considering us to be parents.
Danny is 35 years old and works in Sales at a millwork and cabinetry company. He loves being a Dad to Ellie. Together they like to build blanket forts, go on lawn mower rides around the yard, play “tools,” jump on the trampoline, and cook supper. Danny has a great passion for watching and playing sports. He is a big fan of Wisconsin sports teams (Packers, Badgers, Brewers) and the Chicago Bulls. Danny enjoys mowing lawn, tending to our yard, and tinkering around the house. He loves to watch movies and play video games.
Jodi is 35 years old and works as a 4K teacher. Her absolute favorite thing in the whole world is being a Mom. She is fortunate to have holidays and summers off to spend with Ellie. Jodi loves to bake and do crafts with Ellie and has an absolute blast attending a weekly Parent-Tot gymnastics class with her. Jodi loves to decorate, online shop, watch Reality TV (especially The Bachelor and Bachelorette TV series), be outside (tending to the yard and her flowers, going on walks, and swimming), and loves to listen to country music and attend country concerts and festivals.

We love getting together with our immediate and extended families to celebrate birthdays, holidays, and other random gatherings throughout the year. Our gatherings generally involve a nice meal, the company of each other, games, laughs, and lots of fun! We are very fortunate that most of our family lives local so we get to see them lots.
We live in a rural community in central Wisconsin (population 1,500). Danny was born and raised in the town where we live and much of his extended family lives there too. Jodi is a teacher at the local school. We love our home and community! We built our home the year we got married and have lived there for 10 years. It has four bedrooms and two bathrooms. We own three "city" lots so we have plenty of outdoor space to run, play, and explore. We love to spend time outdoors playing on the swing set, swimming in our pool, jumping on the trampoline, and playing yard games! We have fantastic neighbors and many of them have young children that Ellie enjoys playing with. Our town has a wonderful school system, three parks, and numerous walking/bike trails. It is the perfect place to raise a family!
OUR PROMISE TO YOU

We promise to always love, support, and encourage your child. Raising a happy and healthy child is our priority! We will do everything we can to help them fulfill the dreams you have for their future, and we will always be grateful for the opportunity to do so. Throughout your child’s life we will talk about your courageous decision and your love and concern for their well-being. They will always know you and how special you are. We promise to respect you, be honest with you, and invite you into our family in a way you are comfortable with. We would be honored to get to know you and go through this journey with you. We are ready to share our love with another child and Ellie is ready to be a BIG SISTER!

With love,
Danny, Jodi, & Ellie
