Dear birth parent(s), We are very grateful for the time you are spending reviewing our profile as you contemplate adoption for your child. Your selflessness is admirable. While you review our profile, we hope you can feel our love and excitement for life and adventure. We have so much love and joy to share, which is why we are looking to add to our family through adoption. It would be an honor and great privilege to be chosen to parent your child(ren).
We were introduced to each other through mutual friends in July of 2012. We soon discovered we shared a lot of the same interests and goals in life. We spent a lot of time getting to know each other while exploring the outdoors and traveling whenever we had a chance. We got married July 2015, just months before having our daughter Hazel, who is now four years old.
We live in a 3 bed, 2.5 bath home on some acreage in rural Southwest Wisconsin. We moved out of town into our current home in September 2018, to be out in the country with more room to explore outside. Our property offers many options for exploration, including hiking in the woods, relaxing by the fire pit or ice skating on the pond in the winter months.

We have 2 dogs, 1 cat, 8 chickens and 8 llamas. During our free time in the evenings and on the weekends, you’ll often find us spending time with our animals.
Kyle’s parents and his brother (and his family), all live close by - less than thirty minutes away, which is so nice! Kyle’s brother and his wife have three little boys.

Leah’s family isn’t as close in proximity, however, her mother and three of her sisters are close enough to have frequent visits. Leah is fortunate enough to still have living grandparents and has a close relationship with them. They live in Texas, but we are thankful we can see them a couple times a year, despite the distance.
KYLE is a farmer with an entrepreneurial mentality, always coming up with new ideas or ways to do things in his work. He also has spent the last seventeen years serving the country as a member of the Wisconsin Army National Guard and United States Army Reserve. Kyle enjoys learning new things, helping others and challenging himself. He is passionate about hunting and jumps at any opportunity to go out West to Montana and Idaho. Some of his other hobbies include fishing, hiking, exploring, traveling, training llamas and playing guitar. Kyle is such a great father to our daughter, and that will surely be true to any other child we welcome into our family. He is loving, comforting, calm, patient, and is a great teacher.
LEAH is a nurse with a passion for caring for women and children. She works as a Maternal and Child Health Nurse, as well as a Pediatric and Neonatal Intensive Care Nurse. Leah loves learning new things and enjoys a good challenge every once in a while. Some of Leah’s hobbies include carrying on her Grandmothers’ traditions of baking bread and making lefse with her family, exploring, adventuring, traveling and working with our animals. Leah enjoys routine and is good at balancing our schedules and creating a healthy, predictable routine for our daughter. She is sensitive, caring, loving and nurturing.
HAZEL is a curious and bright little girl. She is strong willed and independent, which keeps us on our toes! Upon meeting Hazel, one might think she is shy, but she’s just observing and assessing. Give her some time and you’ll see her open up and let her free spirit shine! She loves going on adventures, exploring new areas and trying new things. In her four years of life she has taught us so much about life and love. Her heart is so big and so sweet. We just know she will be a great big sister to any child we welcome into our family.
OUR PROMISE TO YOU

We promise to love your child with all of our hearts. Our goal is to raise children with good morals, a sound conscience and respect for themselves and others. We hope to instill a desire to explore and the confidence to follow their callings. Family time and recreation is important to us and we hope to be able to share some of that with you. We promise to maintain a non-judgmental, open relationship with you as the birth parent(s) at whatever level you are comfortable.
