

Tony and Brittany

About Us!

We have been together for 9 years and married for almost 6 years. We love to travel and be outdoors. Both of us grew up in the country and a year ago bought a house on land and couldn't be happier. We love spending summer days golfing, swimming in our pool, and traveling. Both of us are extremely family oriented and prioritize spending time with our parents and sibling. After Brit graduated grad school we moved to Utah for 2 years for the adventure. We loved being able to hike, ski, and camp in the mountains but decided to move back to be closer to family. We tend to keep ourselves busy with an activity or project, but love unwinding at the end of the night watching a documentary. Our favorites are crime documentaries!

Our Story!

We met during our 5th year of college despite growing up 5 miles apart. Out in the country where we grew up, that is practically neighbors! Despite knowing the same people growing up and being part of some of the same friend groups in college and 2 of only 6 people in our graduating class with our major we didn't truly meet until our 5th year. In hindsight, we had multiple classes together. We started dating the spring right before graduation and have been together ever since.

Facts About Us:

-  We have a goal to visit every US National Park together
-  We love being active and spend as much time as we can outdoors
-  We are currently working on planting a mini orchard to have our own fresh fruit!

Favorite Traditions

-  Annual family camping trip with Brit's family in the summer
-  Opening a puzzle on Christmas and working together to get it done by the new year
-  visiting Tony's grandma and fishing on her lake in the canoe or pedal boat

About Me

Tony was raised outside a small town in north western Wisconsin on 20 acres with his 2 brothers. He was originally a PE teacher, then when we moved back to WI from Utah he joined Brittany's dad in business. They are now business partners in insurance sales. Tony spends as much time as possible outside and is extremely handy with house, car, and building projects. Tony is a lover of all animals, especially dogs, and loves to travel and explore new places.

Our Pets

Remy is a 7 year old Australian Shepherd, Border Collie mix. He loves to run, play fetch, swim, and be in the woods. When inside he loves to snuggle and hang out with his humans.

Bruce is our 11 year old cat. He loves to use the doggy door to go into the fenced in backyard. He spends all of his time napping or outside. In the evening he likes to lounge on the back of the couch.

Our Home

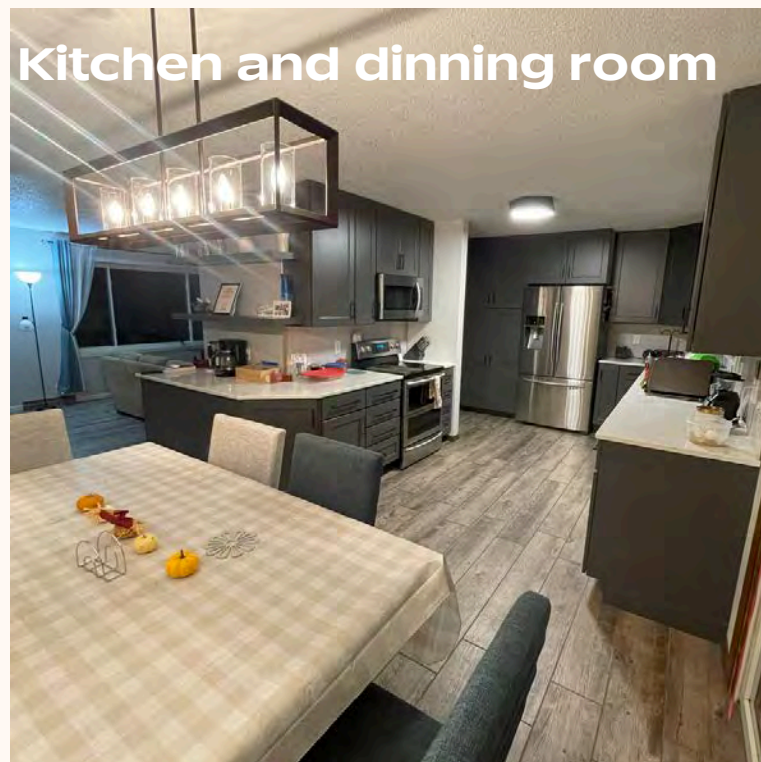

We live on our own piece of paradise in the country side of midwestern Wisconsin. We have 10 acres of land that includes a large yard, woods, and a pasture that we are working to turn into our own mini orchard with apple and pear trees. We love how quiet it is with minimal traffic and the woods full of wildlife. Summer evenings are spent in our in ground pool, having campfires, or cooking out on the back patio.

Tonys favorite aspects of our home:

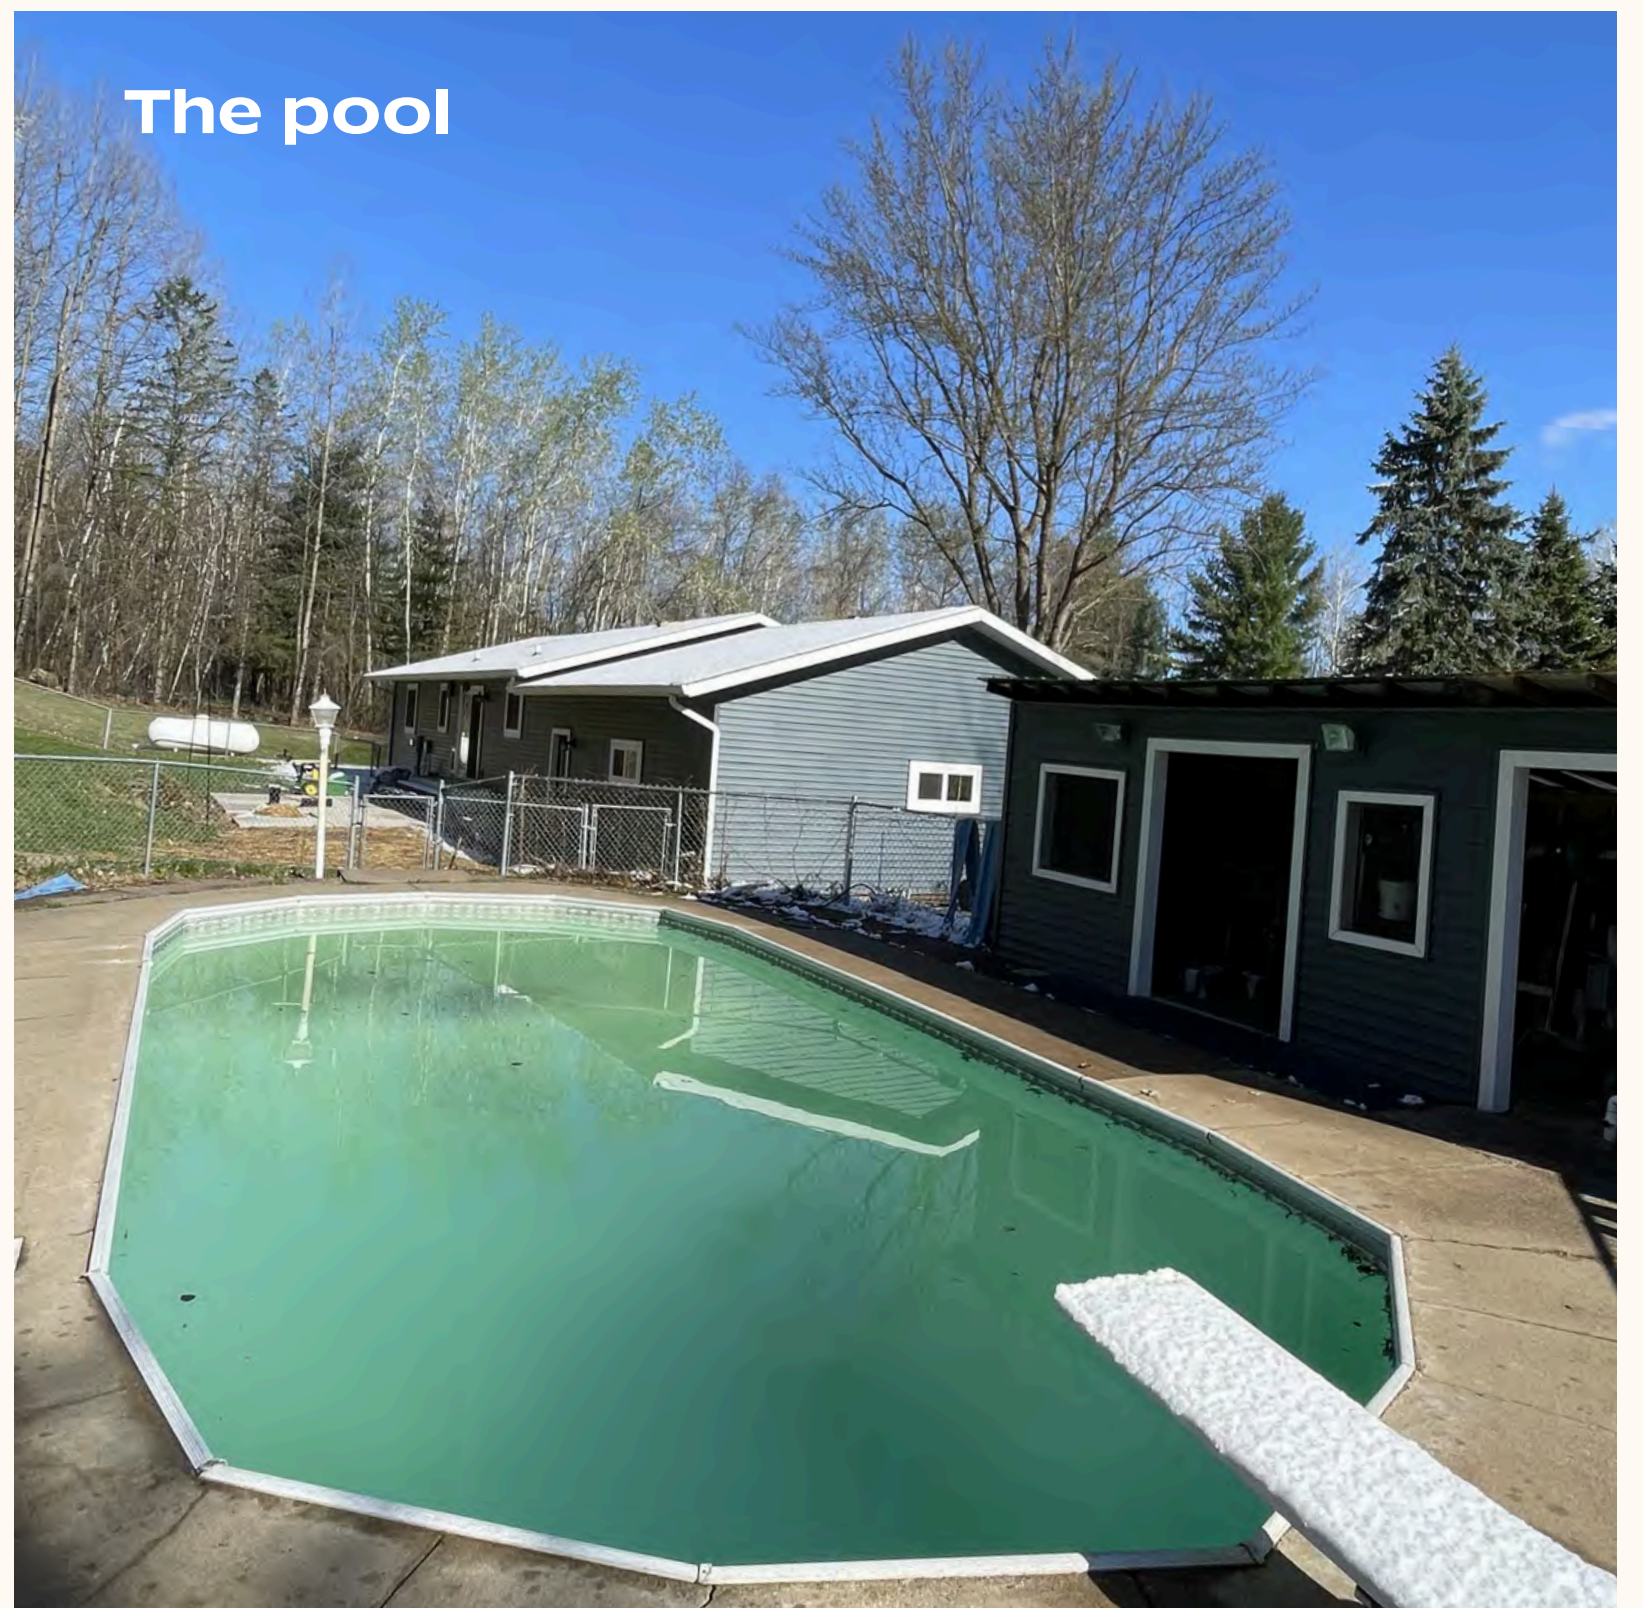

- The woods
- The wildlife
- How we can see the stars and northern lights

Brittany's favorite aspects of our home:

- The pool, especially on hot summer days
- The garden
- All of the nature

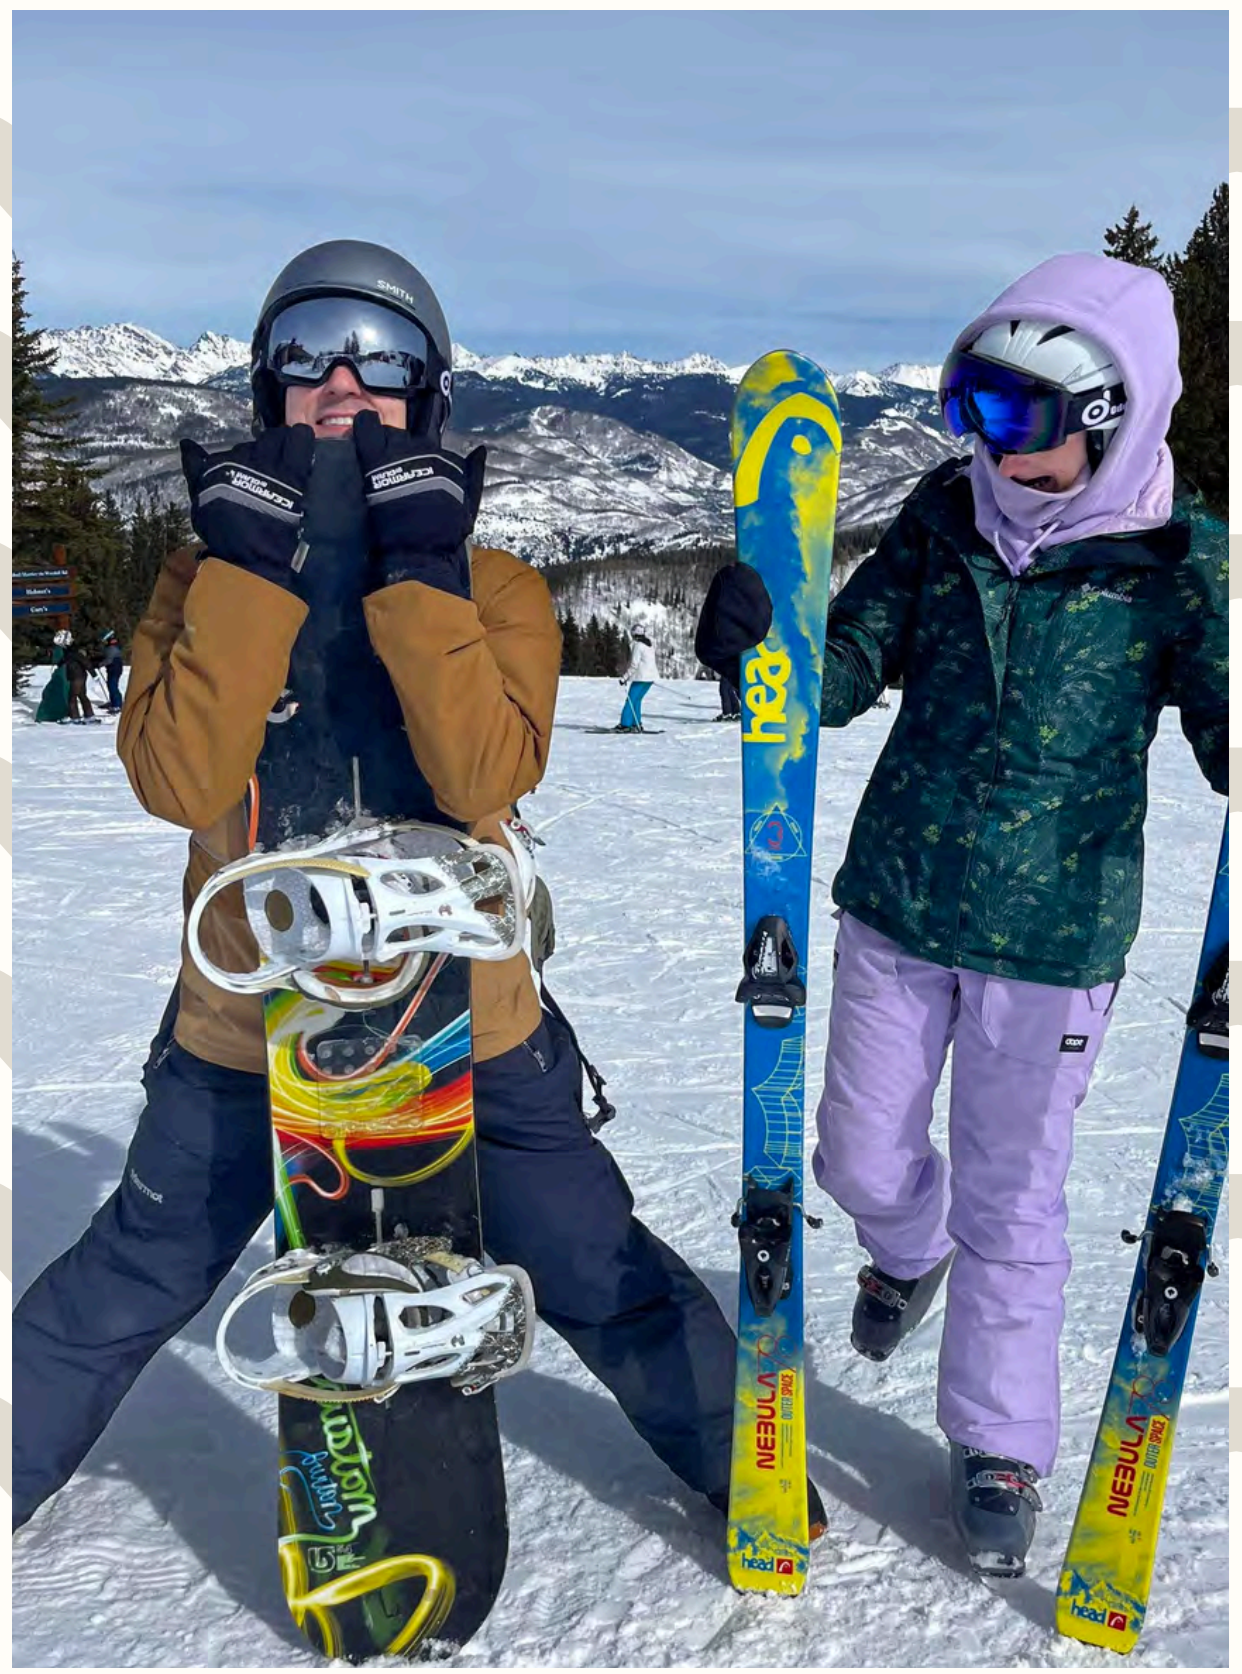

Our Pets favorite aspects of our home:

- Remy loves the big yard to play in and the woods. But his absolute favorite is the pool!
- Bruce loves that the back yard has a fenced portion so he can play outside as well
- Both pets love all the birds and wildlife

OUR PEOPLE

Thank You!

We thank you for taking this brave journey and for considering us! We cannot promise to be perfect parents, but we will do everything in our power to provide a loving, caring home full of adventure and laughter where they can become who they are meant to be. We are grateful for all the love you have already shown your child and whatever choice you make will be the best one.
